# ***YOUR*** NATURAL GAS UTILITIES

It's easy to turn on your thermostat and your natural gas furnace just starts up. But without people like you, it may not be this easy.

Across Alberta, over 125,000 people just like you are community owners of 80 rural natural gas utilities – co-operatives, municipal utilities, and First Nations utilities. Today, it is the world's largest rural natural gas distribution system – all because of people just like you.

Your part in this network helps all Federation of Alberta Gas Co-op Member natural gas utilities to keep building this system of clean, energy-efficient heating. With you, we can reach your neighbours. With you, we can maintain this system to keep communities safe and warm. With you, businesses come to rural Alberta in part because they have the advantages of natural gas heating.

Your part helps make these Your Natural Gas Utilities.

## **Rockyview Gas Co-op Ltd.**

Rockyview Gas Co-op Ltd. was founded in 1973 to establish a rural, community-owned natural gas utility to provide a cost effective, reliable energy source. RVGC builds, operates, and maintains its own natural gas distribution system, powering hundreds of rural households, as well as agricultural and commercial businesses in our franchise area. Staff are on-call 24 hours a day to respond to gas odour and carbon monoxide calls and natural gas emergencies. Visit [www.rvgc.ca](http://www.rvgc.ca) for more details!

**Participate in a Federation online survey for a chance to win one of four \$50 Visa prepaid cards. Go to <http://bit.ly/FedGasSurvey>.**

# The Co-operators

Discounts, coverages and eligibility vary by province.  
Not all products available in all provinces.

### Built on co-operative values

The Co-operators was built by farmers to take care of themselves and their communities when traditional insurers would not meet their needs. We remain focused on being where Canadians are, with the products they need, when they need them, however they want to buy them. To this day, our business decisions are guided by our co-operative principles, so the need for profitability is balanced with the needs of our members and their communities. Making people a priority and taking a long-term view of business decisions makes The Co-operators fundamentally different from most insurance companies.

The Co-operators has over 75 years of history as a co-operative and as a Canadian-owned insurer. Our member organizations consist of co-operatives and credit union centrals from across the country representing a variety of sectors. The Federation of Alberta Gas Co-ops is one of our 45 member organizations.

We are pleased to work with our members and their members to offer a Member Benefits Program that gives individual members access to exclusive coverages and savings.
