

# Notice To Members

July 1, 2026

Dear Members,

As we continue moving toward the August 1, 2026 target amalgamation date, management, staff, and the Boards of Directors are working to align billing, accounting, policies, procedures, programs, and day-to-day operations for the new RRP Gas Co-op Ltd.

Beginning in July, members will start to see some billing and administrative changes as we begin syncing our programs, systems, and processes. These changes are part of the transition work required to bring Rosebud Gas Co-op Ltd., Pioneer Gas Co-op Ltd., and Rockyview Gas Co-op Ltd. together under one organization, RRP Gas Co-op Ltd.

## What This Means for Members

- Your natural gas service will continue without interruption.
- Service areas will remain the same.
- During the transition, you will continue to work with the same local staff.
- A common rate structure will be introduced as previously communicated.
- Billing, online banking, and other administrative updates will be communicated as they are finalized.
- Additional changes may occur over the coming months as we continue aligning our programs and systems.

**Outstanding Non-Gas Account Invoices:** To assist with the transition and year-end process, we kindly ask that members pay any outstanding non-gas account invoices by July 31, 2026. This will help ensure a cleaner and smoother transition into the new organization.
